

## **Illinois RtI Network**

### **Survey on Parent Awareness of Response to Intervention**

The Illinois State Professional Development Grant Evaluation Team from Illinois State University would like to receive feedback from you regarding your experience with working with your student's school in their education and the Response to Intervention/Multi-Tiered System of Supports (RtI/MTSS) process in your student's school. We are inviting you to share your feedback in an online survey. The purpose of this survey is to gather information that will help your school improve their efforts to include you as a partner in your student's schooling. The survey must be filled out by March 31, 2014.

You are invited to participate in this survey because your student's school participates in a state professional development grant that helps your school administrators and teachers improve their classroom and teaching practices to provide support that helps your student learn. Learning about strategies to communicate and work with families is one part of that grant.

Your participation in this survey is voluntary. You may choose not to participate. If you decide to participate in this survey, you may withdraw at any time. If you decide not to participate in this study or if you withdraw from participating at any time, you will not be penalized. This online survey will take approximately 15 minutes. Your responses will be confidential and we do not collect identifying information such as your name, email address or computer's IP address. All data is stored in a password protected electronic format. The results of this study will be used for state evaluation purposes only and your responses will be combined with all of the responses received from other parents who filled out this survey.

If you have any questions you are encouraged to contact the Illinois State Professional Development Grant Evaluation Team at [isuevaluation@gmail.com](mailto:isuevaluation@gmail.com). This research has been reviewed according to Illinois State University IRB procedures for research involving human subjects. If you have questions about your rights as a research participant, you may contact the Illinois State University Research Ethics & Compliance Office at (309) 438-2529.
